* Employee and revenue growth between 2016 and 2017

Taxable revenues and employee figures in the healthcare industry in Baden-Württemberg were calculated by the Baden-Württemberg Statistics Office on the basis of data held in the BIOPRO company database, as long as the relevant data had been submitted to the Statistics Office at the time of the survey. The data were taken from 2017. BIOPRO's company database currently lists 838 medical technology companies, all of which carry out research, develop and/or produce in Baden-Württemberg (as of 7/2019). Figures were extracted for 797 medical technology companies. Suppliers and pure distribution companies were not included in these figures. Wherever the survey found companies active in more than one sector, the key figures (revenues and employee numbers) are listed on a pro data basis.
