Baden-Württemberg International

Baden-Württemberg International – Your one-stop agency on the way to success

Baden-Württemberg International (bw-i) is the competence centre of the state of Baden-Württemberg (Germany) for the internationalisation, promotion and development of business, science and research. We lend support to domestic and foreign companies, clusters and networks, research institutions and universities by serving as the central first point-of-contact in all questions relating to internationalisation.

Settling in a new region involves having to deal with a wide variety of questions and obstacles. Baden-Württemberg International (bw-i) supplies the answers and helps you overcome these obstacles – quickly and easily, based on local expertise and knowledge.

For more information visit
www.bw-i.de/en
www.bw-invest.de/en
www.bw-jobs.de/en

Our support services include:

- Provision of general information on Baden-Württemberg as a location for business and science, as well as specific location and structural data
- Supply of general information on the legal framework and social insurance
- Identification of suitable business and scientific partners for your company
- Identification of potential sites and organisation of site visits in cooperation with regional and local business-promotion agencies
- Support with administrative procedures
- Gateway to all actors in the field of business promotion and development, such as technology-oriented industrial institutions and sector-specific networks

BIOPRO – Partner for research institutions and companies

BIOPRO Baden-Württemberg GmbH with headquarters in Stuttgart monitors and supports the healthcare sector and fosters the development of a bio-economy in the state. The healthcare industry includes the pharmaceutical, medical technology and biotechnology sectors. BIOPRO is the central partner and point of contact for research institutes, companies and networks in Baden-Württemberg.

Our work focuses on:

- Promoting the ability of companies to innovate
- Accelerating the transfer of new scientific knowledge into the economy
- Informing the public about industry performance
- Promoting Baden-Württemberg as a location for the health care sector
- Supporting the establishment of new companies and helping existing companies that intend to settle in the state
