How to find us

Type:
Meet and Greet

Organiser:
Agilent Technologies, Inc.

Language:
English

Links:
To the event and registration

We invite you to attend this one-day event where we delve into trending topics like sustainability, oligonucleotides and their applications, and analysis of peptides and proteins. The program includes a guided tour of our production and application labs, showcasing cutting-edge technologies. You'll also have the chance to engage with our specialists and explore innovative solutions. We will present the Agilent commitment to advancing our customers' sustainability initiatives, followed by two dedicated tracks. Track 1 covers exciting topics in the field of oligonucleotides, while Track 2 focuses on biomolecules, particularly peptides and proteins.
We look forward to seeing you on 25 June as we work towards a more optimized approach to lab operations, and a greener future in research.

Lunch and refreshments are provided.

Places are limited.
