 [BIO EUROPE](#)

international BIO-Europe® 2021 gathering will be held digitally, standing tall in this time of insecurity, to execute on its pivotal role in bringing the global biopharma and investment leaders together to build partnerships that facilitate innovation and medical breakthroughs.

Through the pandemic and the pivot to digital, the “must-attend” BIO-Europe event series held true to its value proposition, using EBD’s proven digital event model. Fulfilling its mission for the sector to connect the international life science community, BIO-Europe will once more allow you to connect and interact, remotely and safely, over four days, October 25-28, 2021.

In an era of physical separation, ensure you do not get left behind and remain visible and on the radar of the global life science dealmaker landscape. Forge new connections with your peers through a seamless digital platform.
