The **CONTACT** is the centerpiece of the association **BioContact e.V.**

Since 2001 we foster direct contact between visitors of the **CONTACT job fair** and company representatives of major players and startups of the **pharmacy, consulting and biotechnology industry**.

We offer a **wide range of talks**, where you receive concrete information about **job perspectives** within the respective company. External speakers tell you about possible jobs in the areas of life sciences and publishing. Furthermore, we organize several **workshops** of renowned companies including **resume checks** and **interview trainings**.

The upcoming **CONTACT** is going to take place on **10th May 2023** in the communication center of the German Cancer Research Center (DKFZ, INF 280, 69120 Heidelberg).

We are looking forward to seeing you!
