Visit us at Diagnostics-4-Future Conference 2026!

We will be exhibiting at the conference – feel free to visit our booth and have a chat with us.
We will announce our stand number shortly.

As a special bonus, we are able to offer a 10 percent off voucher for tickets to the conference.
If you are interested, contact us at zaengle(at)bio-pro.de.

Reasons for Attending

- Summary of medical needs and diagnostic trends
- Experts as on hand conversation partners 150-200 participants from Europe and beyond
- Partnering & Exhibition opportunities to present your solutions
- International exchange & matchmaking

Characteristics of the Conference

Expertise

Initiator is the international health network BioLAGO where companies, research institutions and clinics work together on new diagnostics. The conference emerged from the DiagNET project.

Medical need

The discussed matters are highly user-oriented (physicians, clinicians, laboratories, medical centers). Medical needs and compatibility with user processes (clinical routine) are key factors for the conference.

Patient focus

Especially, patient-oriented solutions regarding health-care in regional hospitals are addressed (e.g. point-of-care-testing).

Openness

The conference connects partners worldwide with the 4-country region around Lake Constance (Germany, Switzerland, Austria & Liechtenstein). Past conferences brought together experts from over 15 countries (Europe, USA, Asia).

Topics and program highlights 2026:

- **Precision medicine & diagnostics**
  Victor Voicu, Clinic Hirslanden
  Prof. Dr. Veronika Ruzsanyi, University of Innsbruck
  Dr. Christoph Schröder, Sciomics GmbH

- **Antimicrobial resistance, phage therapy & the need for future diagnostics**
  Dr. Shawna McCallin, Balgrist University Hospital
  Mike Marquet, University Hospital Jena / nanozoo GmbH
  Hendrik Koliwer-Brandl, Institute of Medical Microbiology, University of Zurich

- **Diagnosing Cancer – novel approaches**
  Prof. Dr. med. Dr. phil. Torsten Haferlach, MLL Munich Leukemia Laboratory
  Prof. Dr. med. Stefan Pfister, Hopp Children's Cancer Center Heidelberg
