health.tech global summit is for senior decision-makers across health systems, pharma, startups, public sector, and academia, renowned for its content-driven approach and commitment to delivering the best possible insights. Focused on moving from insight to action, it's where strategy meets execution.

NEXT GENERATION THERAPEUTIC DEVELOPMENT

Therapeutic development through tech-enabled drug discovery, personalized treatments and innovative patient engagement.

PREVENTIVE & PERSONAL HEALTH

The disruption and reconstruction of preventive and personal health through technology, data, AI and consumer-focused

innovation.

MODERNISING MECHANICS OF CARE

Improving standard of care healthcare through digital innovation, equity, inclusive AI, data-driven systems and future-ready technologies.

AI IN HEALTHCARE

Practical AI applications, integration into clinical processes, and the implications for quality, efficiency, and patient outcomes.
