We will launch IHI call 4 in January 2023. The aim of the IHI Call Days is to provide potential applicants with the information they need to put together a strong proposal, and give them the opportunity to identify and meet partners for their consortia.

About this event

On 18-19 January 2023, IHI is organising an **online event** focused on **IHI call 4**. In addition to webinar focused on our rules and procedures we will hold webinars focused on the individual topics. The topic-focused events will be divided into 2 main activities:

1. **Info session** – where you learn more about the call topics and the rules and procedures
2. **Matchmaking time** – Special allocated timeslots for you to identify and meet potential consortium partners.

You can hold matchmaking meetings via the platform at any time until the deadline for submitting short proposals.

Agenda
