Medical Devices Meetings Twente will be held in Enschede (Twente)/ Netherlands from September 18-19, 2019 and is organized by advanced business events in cooperation with World Trade Center Twente, OostNL and ThinkEast Netherlands and support from BIOPRO, Medical Mountains and Biovalley France.

Medical Devices Meetings Twente is a specialty forum with an exclusive focus on the medical devices supply chain. MDM Twente will bring together engineering, fabrication, supply chain teams, contract manufacturers and service providers through pre-arranged meetings.

MDM Twente is not another exhibition. It offers a unique platform to identify all the participants prior to the event, request meetings with relevant contacts and meet them face-to-face during the forum.

In addition to the one-to-one meetings, MDM Twente offers an international conference program dedicated to supply chain & procurement policies, and innovation. These are excellent opportunities for professionals to share experiences and better comprehend the market scientific, industrial, technical and commercial evolutions. Expect an impressive line-up of speakers from prominent industry players setting out what technologies and capabilities they need from their suppliers today and tomorrow.

Some of the companies that have pledged their participation in the event; PHILIPS MEDICAL, BIOTRONIK, AESCULAP, FESTO, FRAUNHOFER, DITABIS, DEMCON, etc.
