The Match Arena, taking place on November, 18 2026 at the MHP Arena Stuttgart, brings startups and companies from Baden-Württemberg together. Across six thematic tracks, startups present practical solutions to current challenges. Short impulse talks, pitches, and targeted matching sessions create opportunities for direct exchange and for taking away concrete approaches for your own organization.

BIOPRO Baden-Württemberg GmbH is a network partner of this event and as such we receive 8 free tickets for our network. If you are interested contact us at [ketterer\(at\)bio-pro.de](mailto:ketterer(at)bio-pro.de).

Focus Topics

Operations Excellence

Established processes, untapped potential: automation transforms operational workflows into cost-efficient, scalable structures.

Sales Intelligence

From identifying new markets to after-sales: smart tools activate potential in the sales process in a targeted way.

Supply Chain Management

Complex supply chains, clear visibility: AI tools enable better planning and make volatility manageable.

Smart Production

Analog systems, digital opportunities: physical AI and robotics transform manufacturing from within.

Automated Intralogistics

Fragmented processes, seamless flow: Automation creates control and efficiency across the entire material flow.

Digital Resilience

Digital strength as a competitive advantage: Cybersecurity and compliance tools strengthen resilience and the ability to act.
