

# Upper-Rhine Artificial Intelligence Symposium 2022

**Date:**

19-Oct-2022

09.00 am - 05.00 pm

**Venue:**

Villingen-Schwenningen

**Costs:**

free of charge

**Address:**

Furtwangen University  
Jakob-Kienzle-Straße 17  
78054 VS-Schwenningen  
Germany

**Directions:**

## AI in Medicine, Manufacturing and Beyond

It is with great pleasure that we cordially invite you to the 4th "Upper Rhine Artificial Intelligence Symposium" (URAIIS). This year, the symposium will take place on 19.10.2022 in cooperation with the Institute of Data Science, Cloud Computing and IT-security (IDACUS) at the Furtwangen University of Applied Sciences, at the campus Schwenningen in Villingen-Schwenningen.

Artificial intelligence now permeates all areas of life - from voice assistants to service robotics and medical diagnostics. Great progress has been made in recent years, particularly in medical technology (individualized medicine, medical imaging) and in the field of manufacturing (optimization/automation, digital twins). However, the potentials are far from being exhausted.

The symposium will highlight current applications of Artificial Intelligence in cooperation with our partners in industry and science.

The symposium is free of charge. Due to limited number of participants registration is required. Requests will be served on a first-come first-served basis. The conference language is English.

## Program

### 09:00 Uhr | Registration opening

### 10:00 Uhr | Welcome

### 10:15 Uhr | Keynote

Cognitive Production Systems – Machine Learning in Industrial Manufacturing

- Prof. Dr.. Marco Huber  
*Universität Stuttgart / IPA Fraunhofer*

### 10:45 Uhr | Keynote

AI in medicine – overrated or groundbreaking?

- Dr. Lars Mündermann  
*Karl Storz SE & Co. KG*

### 11:15 Uhr | General information

### 11:20 Uhr | Poster session I with 1 minute pitch

### 12:05 Uhr | Lunch and exhibition

### 13:30 Uhr | 2 parallel panels with 6 presentations

Panel 1: Medicine, Medtech and Manufacturing

Panel 2: Other and general topics

### 15:00 Uhr | Coffee break

### 15:30 Uhr | Poster session II with 1 minute pitch

### 16:15 Uhr | Keynote

Towards autonomous API synthesis with deep reinforcement learning

- Bogdan Penkovsky  
*Alysophil SAS*

### 16:45 Uhr | Closing words

### 17:00 Uhr | End of symposium
