Die folgenden Informationen liegen ausschließlich in englischer Sprache vor.

LISAvienna cordially invites you to attend the 10th Regulatory Affairs Conference for Medical Devices and In-Vitro Diagnostics, taking place on October 15, 2026, in Vienna.

Expect a full day of expert presentations, interactive discussions, and practical insights covering all aspects of market authorization, including the latest updates on MDR, IVDR, and other relevant regulatory developments. The conference offers an excellent opportunity to stay up to date with regulatory requirements while expanding your professional network, and facilitates learning from peers.

To better serve our growing international community, the conference will once again be held in English. Strategic networking will be further supported by b2match, a professional partnering tool particularly valuable for start-ups and first-time participants.

- Register now to secure your place and join us at the Apothekertrakt, Schönbrunn Palace.
- Early bird rates are granted until 6.8.2026.
- 5+1 offer available again: Buy 5 tickets and get 1 for free - for details please reach out to office(at)LISAvienna.at.
- b2match partnering will open on 18.8.2026

The event is supported by LISA - Life Science Austria, the umbrella brand bringing together the internationalization activities of Austria's leading life science clusters: ecoplus, Medical Technology Cluster, LISAvienna, Human.technology Styria, Innovation Salzburg, and the Cluster Life Sciences of Standortagentur Tirol.

About LISAvienna

LISAvienna is the cluster platform for life sciences in Vienna, which was set up at the interface of Austria Wirtschaftsservice and the Vienna Business Agency. On behalf of the Austrian Federal Ministry of Economy, Energy and Tourism and the City of Vienna, it contributes to the further development of the industry. LISAvienna supports innovative companies in the fields of biotechnology, pharmaceuticals, medical products and digital health that develop new products, services and processes in Vienna and bring them to market internationally. The platform connects these companies with development partners and lead customers. As a thought leader, LISAvienna provides a basis for decision-making to strengthen the life sciences in Vienna and helps to position Vienna as one of Europe's leading innovation centers.
